## Mesopotamia Group Project

**Assignment:** You and your group will be responsible for a section of our Mesopotamia Unit. Once you have read and understood your section assigned, you and your group will create a Google Slides presentation to teach the class about your section of Mesopotamia. You need to also provide a notes page for each student to use as you present, and a fun, quick activity to check for comprehension.

### Requirements:

1. Your presentation must include information from each blue and red section in the pages you are assigned.
2. All the terms that are highlighted in yellow must be included and explained in your presentation.
3. Your presentation should include pictures that relate to your topics and show examples of what you are teaching.
4. Create a notes page for the students to use to take notes during your presentation. A Cornell notes page will be uploaded in Google Classroom for you to use if your group would like.
5. Create a fun, short activity to follow your presentation so the students can practice what you've taught them.
6. Everything you create must be "Turned in" or "Shared" with Mrs. Brawley.

### Due Dates:

1. All Google Slides, notes, and activities must be turned by: \_\_\_\_\_
2. Your group will present on: \_\_\_\_\_
